Good day, I've lived in Charles County MD since 2004 and have specifically lived in Waldorf MD since 2012. Over the years I have the County has increased it numbers of homelessness. Not sure of the exact reason; however, I'm certain it is related to drug use, mental health, other surrounding areas such as DC pushing its homeless population out, etc. This morning as I waited for the commuter bus at the Smallwood Waldorf Park and Ride, I realized that a bundle of sheets and other items have been in a covered seating area for (what now seems like) more than a week. In that same area, it appears someone defecated. Several other commuter bus riders discussed how they have complained about the situation (not sure to whom) but yet it remains. Also, there are homeless people begging on corners and sleeping in the grass area behind the urgent care at the corners of 228 and Western Parkway. What actions is the county taking and planning to take to address these matters? What is the county doing to keep residents safe? R, Concerned and disappointed resident.
